DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 07/21/2006 has been entered.

Claim Objections

2. Claims 2, 5, 11, 17, and 18 are objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form, or rewrite the claim(s) in independent form.

Allowable Subject Matter

3. Claims 6-10, and 12-16 are allowed.
4. Claims 1 and 19-20 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Claim Rejections - 35 USC § 112

5. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

6. Claims 1, 19, and 20 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

7. Claim 1, line 10, recites the limitation "a candidate's educational background and personal background", it is unclear whether this is a different candidate or the same candidate that was referred to on line 3 of claim 1. If it is the same candidate as the one on line 3 then it should be changed to the "**the** candidate".

8. Claims 2-4, 19, and 20 are rejected for fully incorporating the deficiencies of their respective base claims by dependency.

9. Claims 19 and 20, line 2, recites the limitation "...prompting a user...", this should be changed to "prompting **the** user...".
